EXECUTIVE SUMMARY

Christabel Private School (Christabel Schools) was founded in September 1999 by Mrs. Abosede O. Mokuolu. She is a passionate educator who recognizes the need to provide an education that goes beyond academics. She believes that a holistic mind, body, spirit approach to education is necessary to equip young people with academic knowledge and skills needed to succeed in an ever-changing world.

The vision of Christabel School is to provide an education that will guide students to become stellar global citizens. This firm commitment advances our humanitarian values, coupled with academic rigor, is reflected in all areas of the Christabel school from the curriculum to extra-curricular activities

CHRISTABEL EDUCATIONAL SCHOLARSHIP INITIATIVE

Christabel Educational Scholarship Initiative is a part of the operations of Christabel Schools. It is a charitable initiative that focuses on providing educational support to brilliant underprivileged children, through Christabel Schools. The scholarship initiative began 15 years ago, and is dedicated to ensuring that every child can access quality education regardless of their background or financial situation.

One of the core objectives of the Christabel Scholarship Initiative is to support the academic careers of young learners. We do this by offering scholarships to outstanding but financially disadvantaged students, thereby giving them the opportunity to acquire excellent education without worrying about the cost. The beneficiaries of Christabel Educational Scholarship Initiative are provided with an enabling environment that is conducive for learning, physical and psychosocial development. Recipients of the scholarship have full access to the school's feeding program, sports program, transportation, wellness center, library access, and technology related materials to ensure that the students can concentrate on their studies.

This proposal is prepared to seek a grant in the amount of \$71,000 (Seventy-one thousand Dollars,) and donation of relevant items, to aid the upgrade our sporting facility and also provide healthcare services. The aim is to offer better health support to the underprivileged children who enrol at our school through the Christabel Educational Scholarship Initiative, thereby elimination/minimising disruptions to their education.

VISION

Providing Christ-centered education that would help students become faithful followers of Christ.

MISSION STATEMENT

Utilizing research-based, stimulating educational resources, and strong Christian values to build sound and morally upright students in a conducive environment with all necessary facilities that will spur them to excellence in life and change agents in the society.

OBJECTIVES

- Providing quality education at affordable cost.
- Making learning fun and easy.
- Developing the skills and character traits needed to become successful, ethical leaders while also building the intellectual prowess of the students.

UNIQUE VALUE PROPOSITION

Provision of adequate Medicare to our wards so as to raise a generation of happy, healthy and confident solution providers in the world.

Developing the physical potentials of young people to compete and excel by providing fitness and sports facilities in the school in recognition of the fact that sports plays a pivotal role in our world today.

The combination of these two elements in addition to intellectual prowess will produce a complete individual, fully developed in all ramifications.

OUR PRODUCT/SERVICE OFFERING

1. Elementary school education
2. Primary school education
3. Secondary school education
4. Basic wellness centre

SWOT Analysis

STRENGTHS	WEAKNESSES
<ul style="list-style-type: none"> Our philanthropic gesture will stand us out from other competitors who venture into education for the sole purpose of making money. We have a Management team and committed board of staff who have (and know) what it takes to drive our business into success. We currently have our own landed property in which the school operates which is a reasonable saving in our operating cost. 	<ul style="list-style-type: none"> Standards often fall in the absence of adequate goal-setting and maintenance culture. <p style="text-align: center; margin: 10px 0;"><u>Solution</u></p> <ul style="list-style-type: none"> Our periodic goal setting and strategy sessions will help to keep us in line with our vision and objectives. We will put quality control systems in place in order to maintain our standard of excellence.
OPPORTUNITIES	THREATS
<ul style="list-style-type: none"> The provision of adequate healthcare and fitness facilities will help in keeping our students focused on positive ventures all the time. These unique feature above will drive traffic to our institution. 	<ul style="list-style-type: none"> Insecurity is a recurring decimal in Nigeria in the past few years. <p style="text-align: center; margin: 10px 0;"><u>Solution</u></p> <ul style="list-style-type: none"> Installation of CCTV in strategic positions in the school to continually stay abreast of the security situation. Collaboration with relevant Government security agents to provide training and support to our internal security officers. Unstable Government policies. We will stay current with trends and make our policies flexible without compromising on our values.

MANAGEMENT STRUCTURE

We will work hard to ensure that we only attract people with a growth mindset to help us achieve our business goals and objectives in record time. Below are the personnel team that are employed in the achievement of our vision:

- M.D/CEO
 - Board of Directors
 - Director of Operations
 - Principal
 - Vice Principal
 - Vice Principal Academics
 - Head of Nursery
 - Qualified teachers
 - Secretary
 - Accountant
 - ICT manager
 - Inventory manager
- Security
Grounds Custodians

GRANT UTILIZATION STRATEGY

The sum of Seventy-One Thousand Dollars is needed for the execution of this philanthropic project as highlighted and summarized below.

- \$16,000 to fund our wellness centre and healthcare program, which includes regular basic check-ups, emergency health services, and access to medication and treatment when needed.
- \$35,000 is needed to upgrade our sports facilities. We aim to provide our scholars with modern sports equipment and apparel, and repair or replace damaged or outdated.
- \$20,000 to cater to the salary of one (1) doctor, one (1) nurse, and one (1) lab technician for 2 years.

SUSTAINABILITY AND EXPANSION STRATEGY

We hope that through the assistance of your foundation/organisation in supporting our educational scholarship initiative, medical expertise and resources in the healthcare field can be provided. This can improve the quality and accessibility to sports facilities and healthcare for the underprivileged students in our program.

Other ways partnering with your foundation/organisation could help us achieve our goals:

- * Health education and awareness: Your foundation can assist the school in developing lifestyle and health education programs for both the students and their families. This can include workshops, seminars, and awareness campaigns to promote healthy lifestyles, hygiene practices, and disease prevention.
- * Volunteer programs: The medical foundation can encourage its network of healthcare professionals to volunteer their time and expertise to provide medical services on-site at the school. This can include regular check-ups, consultations, and treatment for various health issues.
- * Mentorship opportunities: The school can facilitate mentorship opportunities for students interested in pursuing sports or healthcare careers. This can include shadowing sports or healthcare professionals, fostering their interest in sports or healthcare and inspiring them to give back to their communities.
